Land Ambulance News

The Rainy River District Social Services Administration Board is continuing its fight to secure appropriate funding from the Province for the Land Ambulance Program. Presently, the Province is not covering its share of wages, benefits and operation costs, as agreed to at transition in 2000. This shortfall in funding is presently being paid by the municipal taxpayers across the District. Meetings with the Ministry and RRDSSAB are ongoing in attempts to secure further funding.

Our Land Ambulance Service Providers, Riverside Health Care Facilities and Atikokan General Hospital, have just completed their Service Review by the Regulatory and Compliance section of the Ministry of Health, Emergency Health Services Branch. Successful completion of the Service Review is required for each Operator to remain certified to provide Ambulance Service. Initial reports from the Review team indicates that both Operators continue to meet or exceed the Standards and recertification will be granted. Congratulations to both Providers!

Another heliport is being considered for the District of Rainy River. The RRDSSAB and representatives of several stakeholders including Abitibi-Consolidated, Riverside Health Care Facilities Inc, Town of Fort Frances, Fort Frances Fire & Rescue, Riverside Ambulance, Ministry of Health, and Canadian Helicopters met on June 22nd. Discussions took place on the feasibility of a heliport adjacent to the Riverside Health Care Facility, LaVendrye site in Fort Frances. A heliport at the hospital would provide access to the Provincial Air Ambulance System and expedite patient care both into and out of the facility. This would result in quicker access to care and help to ensure continued Land Ambulance emergency coverage in our outlying communities. Initial discussions appeared very favorable. Further approvals are being sought and additional stakeholder meetings are being planned.

Child Care Update

Congratulations to the TOWNSHIP OF EMO in developing the *Emo Children's Charter!* This Charter falls in line with the United Nations *Convention on the Rights of the Child* which was signed by Canada which states that: "In all actions concerning children, whether undertaken by public or private social welfare institutions, courts of law, administrative authorities or legislative bodies, the best interests of the child shall be a primary consideration." (Article 3.1)

Coming Together for Kids a Rainy River District Community Coalition has developed a presentation for Municipalities to assist in developing a Children's Charter. This Community Coalition can also assist Municipalities to develop practices to ensure the needs of Children and impact are considered before making decisions for their communities.

If you would like more information on developing a Children's Charter for your community, please contact:

Social Housing Update

The RRDSSAB is committed to working with our Social Housing Providers, and community partners, to ensure that relevant Social Housing legislation is adhered to and that tenants are served well. To assist in this regard, the RRDSSAB held the second in a series of training workshops: *Landlord Rights and Obligations* on June 27, 2005, in partnership with the Rainy River District Community Legal Clinic.

Thirty participants attended and learned about their responsibilities, rights, and obligations, as they pertain to relevant legislation including the Tenant Protection Act. Through the use of role-playing, participants also gained knowledge of how to work with tenants to avoid evictions where possible, and how to navigate through the Ontario Rental Housing Tribunal process.

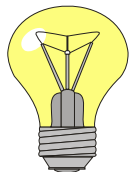

The RRDSSAB held the second in a series of training workshops

We would like to thank Trudy McCormick and Laurie Nuttal of the Rainy River District Community Legal Clinic for their involvement in the workshop.

In addition, the RRDSSAB also held a *Fire Codes and Regulations* workshop in February, 2005. Further workshops will be offered by the RRDSSAB with the aim of providing support and training to Social Housing Providers in the District.
